CRESCENT VALLEY

Ira M. Endicott, Reporter.

Sept. 17.—On last Thursday (Fair day) although not more than one half the reporters were present the Reunion was a day not soon to be forgotten. When on the banks of the river a delicious feast was spread and there seated around it was the reporters or a greater part of them who partook of that roasted turkey that our Golden Valley reporter promised us a our last Reunion. Ice cream and cake were also served and all present no doubt had a very jolly time. Your correspondent wishes to thank the editor for his generous kindness he has shown toward his reporters.

Another cold wave swept over the valley Sunday. We have also had some good rains since and during the fair.

We failed to mention last week that J. L. Mayes and family of western Kansas are visiting home folks.

The exhibits of fruit, vegetables and grain at the fair last week were good, but the show of live stock was about as near a failure as we ever saw; not because there is no fine stock in Allen county but the premiums are so little that men cannot afford to take stock there and stay all week for the magnificent sum of 50 cents or \$1, while a fourth class racer has a chance to win from \$200 down. If the Allen county fair is going to be a race meeting why not advertise it as such.

THE BEST THEY KNOW.

YOU remember the old lady who rode for the first time on a railway train. There was a frightful collision, but when the rescuers reached her she was quite calm. She said she supposed they always stopped that way. The story well illustrates why so many women are satisfied to live without Ivory Soap. They have never tried it! Naturally enough, they think that annoying odors, sharp chemicals, and wasteful greasiness are common to all soaps.

Mr. and Mrs. Hart drove over to Iola last Monday.

We enjoyed a nice rain Monday evening, which was much needed for water and fall pasture.

NEOSHO VALLEY.

C. L. Arnold, Reporter.

A letter received by Webster Greene from T. F. Kelley, from the storm swept region in Texas, states that while he and his wife escaped with their lives, that everything they had was swept away. But still worse his brother-in-law Harvey Johnston, (well known here) and his wife were killed.
